The summer after students have completed their ADN program, students will take the NCLEX exam. Students wishing to progress toward the BSN are required to complete all DCCC *prerequisite courses, all DCCC **co-requisite courses. Students must also have passed the NCLEX exam and have a GPA of 2.0 in order to enter the RN-BSN program at Drexel University. If additional ***BSN general education courses still need to be completed, students may work out a plan of study with their Drexel academic advisor to complete these requirements either at DCCC or at Drexel. Billed and Funded by Drexel when student fully matriculated into Drexel University.

  NURS 330, and NURS 375 – Advisor Restriction*

**FINAL YEAR RN-BSN PROGRAM DREXEL
TOTAL CREDITS: 24**

BSN DEGREE AWARDED

In order to determine halftime and full time status the conversion formulas are below:

The Quarter to Semester conversion is 2/3 or (multiply by.667). We do not round up and all credits are administered on the .5 interval. Example a 3-credit quarter course would be 2 Semester credits. When applying the conversion, it is rounded down to the nearest .5 and not up to the whole credit.

The Semester to Quarter conversion would be 3/2 or (multiply by 1.5). We do not round up and all credits are administered on the .5 interval. Example a 3-credit semester course would be 4.5-quarter credits. When applying the conversion, it is rounded down to the nearest .5 and not up to the whole credit.
